

INVESTMENT FORM

for Sterling Israel Bonds issued by the State of Israel

This form records the information required for your application to subscribe for Israel Bonds. Development Company for Israel (International) Ltd. (DCI) will pass this information to the State of Israel or its Fiscal Agent as set out in DCI's Terms of Business.

DCI will not disclose personal information about its clients or former clients to any person, except as agreed in the Terms of Business or as otherwise permitted by law.

To subscribe for an Israel Bond you will need to (a) have completed and returned to us a signed copy of our Terms of Business (November 2017 version) and a completed Client Information Form; and (b) complete sections 1 (Purchaser Information), 2 (Bond Information), 3 (Registered Owner Information), 4 (Bond Statements And Payment Of Interest), and sign the Declaration.

Please note that this form should be used for a single purchase only, and that if you wish to make multiple purchases, you should use a separate form for each.

When purchasing a Bond, funds can be invested in Euro, British Pounds Sterling or United States Dollars. If the currency received from an investor is different to the specified currency of the relevant Israel Bond (the "**Specified Currency**"), the Fiscal Agent will convert the currency received from the investor into the Specified Currency at an exchange rate determined by the Fiscal Agent in its sole discretion. Funds which are not in the Specified Currency must, upon conversion, equal or exceed the minimum authorised denomination of the relevant Israel Bond in the Specified Currency. All payments of principal and interest will be made in the Specified Currency.

If the currency you use to make your investment is different from the Specified Currency, or if the Specified currency is a currency other than your usual currency, then the absolute performance of your investment will be affected by the relative relationship between the currencies and changes in rate of exchange may have an adverse effect on the value of your investment.

Note: The Israel Bonds available and their interest rates quoted in the applicable Final Terms on our website www.israelbondsintl.com are valid only for the specified Issue Date.

In order to purchase a bond of a specific Issue Date, your subscription must be accepted by or on behalf of Israel before such Issue Date (or before such other date as may be announced). Your subscription will be accepted only when (1) your properly completed subscription form is received by DCI and (2) your subscription funds are actually received by the Fiscal Agent (Computershare Trust Company of Canada).

To ensure you receive the interest rate you are applying for we suggest that you send your forms by registered mail or deliver them in person well in advance of the end date of the period of interest.
